How Can Parents

allow their children to cough and strain and cough and calmly say: "Oh! its only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedic, Druggist.

WASHINGTON LETTER.

(From our regular Correspondent.)

WASHINGTON, Feb. 22, 1889.

Senators on the Democratic side having tried begging and log-rolling as an inducement to their Republican colleagues to confirm some of the numerous nominations now pending before that body, and having failed in both, have now begun an attempt to bulldoze the Republicans. Senator Harris has been selected to make a daily motion to go into executive session for the purpose of acting on some of those nominations. So far the motion has been voted down with great regularity by the Republicans, and so it is likely to be until the end of chapter. In refusing to inflict any more Democratic officials on a long suffering people, the Republican Senators believe themselves to be backed by a large majority of the citizens of this country.

The Act chartering the Nicaragua Canal Company has been signed by the President, and is now a law.

Mr. A. P. Edgerton, who Cleveland removed, from the Civil Service Commission in order to appoint Mr. Thompson, of South Carolina, has written an open letter to Cleveland which has been enjoyed here this week. Of course, Mr. Edgerton is a "sore head," and had he not been removed from office would never have publicly expressed such opinions, but that does not mar the enjoyment which the flaying he gives Mr. Cleveland imparts to many people hereabouts, particularly Democrats in the Sam Randall strip. The lack of space, prevents my sending the entire letter, but the following opinion of a Democratic President, by a Democrat, is too good to be lost: "Mr. President, with due courtesy to the high office you hold, allow me to say that you are a very peculiar man, a positive man, a positively wrong or positively right, therefore, an unsafe man to trust; and that element in your character, I believe, led to your defeat. You are a man who would not permit your real friends to admonish you with confidence, and as a result you have suffered for the want of friends, and your wrecked greatness has discovered that there is no true success in life without the power and blessing of friendship. You have been taught that great men with destinies are not always wise, except in their own conceit."

Business in Congress is getting into a terrible muddle during these last days of the session and little else is likely to be accomplished, in fact it will not be surprising if one or two of the regular appropriation

bills fail to get through.

The Omnibus Territorial bill has at last passed, and has gone to the President. The people of South Dakota, under this act, will on May 14, vote upon the adoption of the Sioux Falls Constitution; also the location of the capital. On the same date, the citizens of North Dakota, Montana and Washington may vote for delegates to the constitutional conventions and for state officers. On the first Tuesday in October, the people may vote upon the constitutions proposed by the conventions, and if adopted, after the President's proclamation to that effect, the Governors of each may order an election of members of the legislature and of Representatives in Congress.

The legislatures may meet and elect two Senators each, in time to take their seats at the beginning of the first regular session of the Fifty-first Congress, at which time the Representatives shall also be admitted to seats.

All hope of any legislation at this session looking towards a settlement of the indebtedness of the Pacific Coast Railroads to the Government, has been abandoned, and Senator Stewart has offered a resolution authorizing the Senate committee having the matter in charge to sit during the recess.

It seems an impossibility for Congress to make these wealthy corporations pay Uncle Sam what they owe him.

The Direct-tax bill, after many ups and downs, has passed Congress, and is now in the hands of the President. Owing to the delay in agreeing to the conference report which was seemingly intentional, many people believe that the measure is to get what is known as a pocket veto, that is, it may fail to receive the President's signature before the 4th of March, which would effectually kill it. Others believe that he will veto it, and take the occasion to say a few farewell words politically.

Representative Butterworth has introduced a resolution to appropriate \$150,000 for the entertainment of the Canadian Parliament through the States. He thinks great good would result from such a visit.

What on Earth

Is the reason people will not, cannot, or do not see any difference in cheap nos trums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedic, Druggist.

A Pleasant Resort.

Members and Attaches of the Legislature and the other Winter sojourners at the Capital, can find no pleasanter place of resort for reading the latest papers and magazines and selecting popular books than at Cagwin and Noteware's corner store—diagonally opposite the B. & E. Bank on Carson street. Here can always be found all sorts of plain and fancy stationery and general office supplies; besides an endless variety of novelties.

Small-Pox Jots.

The younger children of the Kaiser family, Will, Frank, Alice and Henry are all down with the small-pox.

Cap. Avery is very low, and his recovery is doubtful.

Livingston has found that his soloon is too close to the Ormsby to do business, and has closed it until further notice.

Cough! and Cough!! and Cough!!!

What in the world is the reason you will cough and keep coughing and still keep trying inferior medicines when BEGG'S CHERRY COUGH SYRUP will positively relieve your cough at once? This is no advertising scheme, but an actual fact, and we guarantee it. W. H. Chedic, Druggist.

—E. S. Buckingham Assistant Sargent-at-Arms of the Senate is reported down with small-pox. The report is absolutely false however.
